

# UMD COLLEGE PROFILE: SCHOOL OF PUBLIC POLICY

The School of Public Policy has an array of educational programs designed to develop people for careers in policy analysis, management, leadership and scholarship. These programs range from PhD degrees to executive workshops, and cover public policy across the local, state, national and international realms, and across public, private, and non-profit sectors.

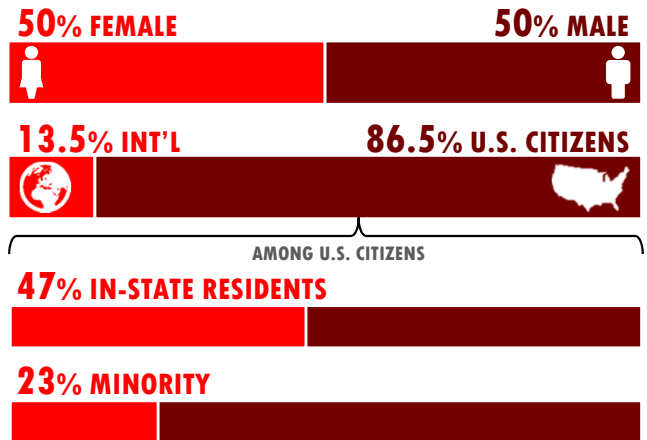

## PUBLIC POLICY PROGRAMS:

- Master of Public Policy (MPP):** The MPP is a 48 credit program designed for early career students who seek to become adept at analyzing, designing, evaluating, and advocating for policies. MPP students may elect to specialize in:
  - Environmental Policy
  - Energy Policy
  - Federal Acquisition
  - International Development Policy
  - International Security & Economic Policy
  - Management and Leadership
  - Nonprofit Management and Leadership
  - Public Sector Financial Management
  - Social Policy
  - Education Policy
  - Health Policy
- Dual Degree Programs in MPP:** there are also joint programs available that allow students to pursue a BA, MBA, JD, or Master of Science in Conservation Biology degree at the same time they pursue their MPP degree.
- Master of Public Management (MPM):** the 36 credit MPM program is a shorter version of the MPP program available to students who have at least 5 years of professional policy and/or management experience.
- Executive Master of Public Management (EMPM):** The 30 credit EXPM program provides a public management-intensive curriculum to students who have at least 5 years of professional management experience.
- Master of Professional Studies – Public Administration (PA):** This 12-course (36 credit) professional degree program is designed for students who are interested in learning public administration and government management from an international perspective.
- PhD in Policy Studies:** This highly selective PhD program prepares students to conduct leading-edge public policy research in academia, think-tanks, or government institutions.

**RESEARCH CENTERS:** The centers and institutes within the School of Public Policy are a direct reflection of the issues and research being pursued within the School itself. Not only is significant research taking place and important issues being addressed, but the centers and institutes offer students an opportunity to participate in the real world of policymaking. In doing so, students are working under the guidance of accomplished faculty who are directly influencing policy issues in a wide range of areas:

- Center for Academic Excellence @ Maryland - Intelligence
- Center for International and Security Studies at Maryland (CISSM)
- Center for Philanthropy and Nonprofit Leadership
- Center for Public Policy & Private Enterprise (CPPPE)
- Welfare Reform Academy
